Dear Mr Callus,

Supplier Code Number and use of Compliance Marks

I acknowledge receipt of your application for registration for use of the A-tick mark on your equipment.

Your unique supplier's code number is:

N 24281

The supplier code number is one of several methods of supplier identification that can be used on your compliance label. This label must be affixed to equipment manufactured or imported by you (the supplier), in accordance with the applicable Labelling Notice(s), provided you have complied with all of the requirements of the applicable Labelling Notice(s). This letter should be kept with your compliance documentation.

The following details have been registered:

Name: Firesense Pty Limited

ACN: 098395727

ABN: 69098395727

Trading As:

Postal Address (for receipt notices):

PO BOX 7026

BAULKHAM HILLS, NSW 2153

Address where Compliance Documentation is kept:

6/16 Lexington Drive

BELLA VISTA, NSW 2153

Labelling Notice(s) you intend to supply under:

Telecommunications

Radiocommunications

EMC

EME

It is important you check that all information is accurate. It is a requirement that you advise ACMA of any change to your details.

Changes can be faxed to (02) 6219 5275 or emailed to comply.label@acma.gov.au.

Please refer to our website http://www.acma.gov.au/WEB/STANDARD/pc=PC_2754 for further information on equipment compliance and labelling requirements.

Yours sincerely

Jacqueline Farias
Standards Section
