

FEATURES

Detector Sensitivity Table	
Sensitivity Level	Degrees Celsius
Type B	63

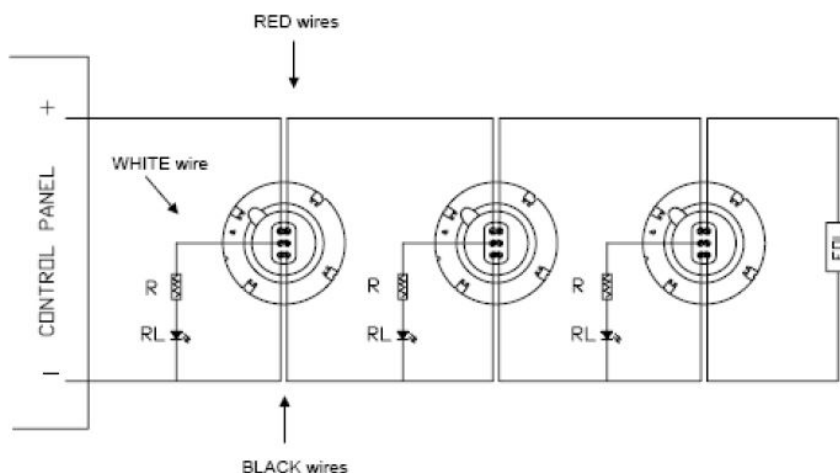

PRODUCT DESCRIPTION

The SS-BS is a sealed type “B” conventional thermal detector for use in wet areas and areas of high humidity that would not allow the use of a typical “clip in” detector base.

TECHNICAL SPECIFICATIONS

Operating Voltage Range	15 to 28Vdc
IP Rating	IP67
Standby Current	50µA @ 24Vdc
Max Alarm Current (LED on)	80mA @ 24Vdc
Operating Temperature	0°C to 38°C
