

FEATURES

- ✓ Simple to use - 150mL can
- ✓ Rapid clearing
- ✓ Compatible with leading detector brands
- ✓ Fast activation – via Solo 330 dispenser or handheld
- ✓ UL & ULC Certified
- ✓ Non-flammable
- ✓ HFC Free – fully compliant with latest regulations
- ✓ Safe for environment
- ✓ Silicone Free – prevents detector contamination

PRODUCT DESCRIPTION

The SOLO A10 Smoke can is HFC-Free and is used for the functional testing of smoke detectors. It is approved by leading detector manufacturers and offers the reliability and quality expected by the industry.

Chemicals used in detector test equipment need to be compatible with the plastics from which the detectors are manufactured. Not all test aerosols offer this compatibility which can lead to problems such as stress cracking in detectors, residue build up, damage to components and harm to the environment.

The SOLO A10 works with the 330 dispenser to offer full functional testing of smoke detectors.
