

PRODUCT INFORMATION

End Of Life Notice

High Speed Network Cards

GENERAL INFORMATION

Due to a supplier component obsolescence, the wire variants of the High-Speed Network Modules will be discontinued effective immediately. Please see table below for discontinued part numbers. Fibre variants of the High-Speed Network Module and Standard Speed Network Modules will continue to be available.

To support existing and new installations, a new set of High-Speed Network Wire Modules have been introduced. These new modules offer the same functionality as the discontinued parts. The list of replacement parts is included below.
