

FEATURES

- ✓ Designed to fit neatly with AFP 3030
- ✓ Complete with 003 keylock
- ✓ Laser cut knockouts
- ✓ Pre drilled 10mm mounting holes
- ✓ Chrome plated hinges
- ✓ Supports up to 45 AH batteries

PRODUCT DESCRIPTION

The CAB650-BB-BK has been designed to mount directly under or above the AFP 3030 cabinet. This enclosure can be used for mounting batteries or termination of external cables. The cabinet is made from zinc sealed steel and powder coated in the same colour to match the existing AFP 3030. Custom size cabinets can be made on demand with MOQ requirements.
